

CHALLENGE #11: How Tos

For this challenge, I'm excited to share the documentation because it turns out that's what we're looking for. My bad for misreading the instructions in the past challenges—oops! Anyway, in this challenge, the fun part is implementing 5 How-Tos in my project. I'll show you all of this by pasting some cool images or figures! I hope my score will not be “oops!” as well.
